### Make dealer key input CS interface

Key learning input pincode and cs code interface.

The screenshot displays the 'Key learning' interface on a mobile device. At the top, there is a navigation bar with icons for AUTEL, a car, settings, a printer, a document, and a chat bubble. Below this, the title 'Key learning' is centered, with 'VIN:' on the left and 'VCS 0V' on the right. The main content area contains three input fields: 'Number of keys that need to be learned(1-8)' with the value '1', 'PIN(0-65535)', and 'CS code'. At the bottom of the interface, there is a status bar showing 'Volkswagen V5.10.01 Car' and buttons for 'OK' and 'ESC'. The system status bar at the very bottom shows various icons and the time 5:31.
